Cost Savings

# CAMPUS CARD INTEGRATION

Universities and colleges are big fans of campus card systems. Student IDs double as a payment method for food, parking and even books. Allow students to pay for printing with PaperCut MF-integrated campus cards.

## More Cost Savings features:

**Shared Accounts:** Charge departments for print and copy output

**Payment Gateways:** Provide services that allow users to transfer funds from an external

**Pay for Print Hardware:** Self Service print and copy payment devices

## Accountability

## ONLINE DASHBOARD

It's easy to manage all your students, staff, and devices with PaperCut MF. Log in to the web-based admin dashboard to see who, what, when, where and how users are printing. Set up quotas, encourage sensible usage and view over 80 pre-built reports in one place.

### More Accountability features:

**Over 80 Reports:** Detailed reporting from user to department and everything in between

**Printing Rules & Policies:** Change user behavior with forced duplex, BW and economical MFP routing

**Classroom Quotas:** Used to control and restrict users to sensible use by allocating a quota/allowance/budget

**Watermark & Digital Signatures:** Built-in features to secure and protect your environment even after a print is released

## Security

# FIND-ME PRINTING

Don't fall victim to security breaches and FERPA fines. Safeguard your campus against attacks that expose student records. PaperCut MF puts privacy first with features like Find-Me Printing and more.

## More Security features:

**Secure Print Release:** Jobs are only printed when the user arrives at the print area and confirms his or her identity

**End-to-End Encryption:** Security from the device to the print server, the print server to the printer, and the printer to the user

**User Authentication:** Verify the identity of users by using a username and password, pin number or by swiping a card

Accessibility

Google for Education

# G SUITE & CHROMEBOOK INTEGRATION

Empower students to print from any smartphone, laptop or Chromebook with PaperCut MF. Use Mobility Print to track BYOD printing in a snap or head straight to the cloud. Send your documents right to Google Drive, Dropbox and more with Integrated Scanning.

## Accessibility

# JOB TICKETING

Job Ticketing controls and automates every kind of specialty printing – 3D printing, production printing, laser cutting, and anything else in a print room or FabLab – all in one place. For users, it's a simple and welcoming storefront for more finicky printing. And for operators, it's a powerful workflow tool to manage and fulfill jobs with ease.

## More Accessibility features:

**Mobility Print:** Simplifies the printing process from bring-your-own devices (BYOD) and mobile devices.

**Integrated Scanning:** Integrated MFP scanning to email, home folder and cloud storage

**OCR Scanning:** Quickly and simply create text searchable documents and PDF's
