

Central Minnesota Educational Research and Development Council

May 4, 2022

Hello cmERDC customer:

The cmERDC vision statement is: [Transforming education through collaborative relationships!](#)

As part of our ongoing efforts to better serve our member districts and their staff, I am respectfully **requesting a meeting with you in person or via Zoom** to gather your feedback regarding:

1. *The value and benefit your district receives by being a cmERDC member?*
2. *How cmERDC can better meet your needs and objectives?*
3. *How we can measure the impact of our efforts to provide products/services that serve you?*

I have already started this initial process with one small cohort of Superintendents and Business Managers and a few individual meetings.

These meetings are invaluable opportunities for me to listen/learn and I look forward to doing so with you!

Please use my contact information in this letterhead to reach me directly and schedule our meeting.

I look forward to meeting with you and leading a cmERDC mission in service to you.

Sincerely,

Lowell Haagenson

P.S.

I wanted to share a Word Cloud created from discussions with the cmERDC Leadership Team, which reflects our commitment, focus, and the values/beliefs we operate from to serve you:
